To:
Mr. Kermit Geary
R.D. 2 Box 298
Walnutport, Penna.

Subj: your ltr dtd 22 September 1961

1. Due to the address on your letter Mr. Geary, it was not received at this unit until today.

2. Our station is "COAST GUARD GROUP NEW YORK", our call sign is NMY3. Coast Guard Radio Station New York/NMY is located on Long Island (East Moriches) and operates at maximum power for military radio stations as authorized by the FCC. We are only a small Search and Rescue(SAR) relay net with three AM/FM radio sets and teletype facilities. The output in the final stage of our URC/34 trans-receiver, is 75 watts with crystal channel control on all sets.

3. Upon checking the logs and message files it was found that you obtained a solid copy on the entire transmission also our times correspond exactly.

4. Thank you for your compliments as to our performance of duty.

R.M. Shepperd
